

Chapter 18 – Inventory Reports

Print Serialized Inventory - PINV

The serialized inventory report shows the current status and performance of each piece of inventory indicating how many times a piece of inventory has been rented and the amount of revenue that has been collected. This report can be setup for specific inventory received dates. It is very good for analyzing new inventory added to the store inventory assortment as well as monitoring aged pieces. There are numerous ways to run this report and below are three examples of how you might run the reports.

To access this program, select "Report Menu" off the Store Home Menu, then select "Print Inventory Reports" off the Reports Menu, then select "Print Inventory Details – PINV" or from any menu press the F10 key and type in "PINV" on the command line and press the enter key.

You will be prompted for printer or file pathname. If you want to print directly to the default printer, press the enter key. If you want this information to print to another printer, type that printer number over the default and press the enter key. See [Introduction to Reports](#) for additional information about the printer/file pathname screen. You will now be prompted for "Separate Locations". Press the enter key to accept the default of N for no and you will see the screen in Figure 18-1.

Figure 18- 1 Serialized Inventory Report

INVENTORY TYPE The following list of options will be displayed on the bottom of the screen:

- (1) **SALES INV** – Sales inventory refers to the inventory received as type S sales inventory (does not depreciate until the unit is rented and then becomes a depreciable asset). You will then be prompted "**ONLY TRANSFERRED INVENTORY**". If you want only inventory that has been transferred on this

report, type in a Y for yes. If you answered with a Y for yes, you will see the prompt "**TRANSFER DATE**". Type in the earliest date you want selected. You will then be prompted for the "**ENDING DATE**". Type in the latest date you want selected.

(2) RENTAL INV - You will then be prompted "**ONLY TRANSFERRED INVENTORY**". If you want only inventory that has been transferred from sales inventory to rental inventory to display on this report, type in a Y for yes. If you answered with a Y for yes, you will see the prompt "**TRANSFER DATE**". Type in the beginning date you want analyzed. You will then be prompted for the "**ENDING DATE**". Type in the last date you want selected. **This must be answered with a Y with for an accumulated depreciation or book value report. You must also use Option 4 (Book Value) under "TYPE REPORT".**

(3) SALES/RENTAL INV

(4) MOVIE INV - You will then be prompted "**ONLY TRANSFERRED INVENTORY**". If you want only movie inventory that has been transferred to display on this report, type in a Y for yes. If you answered with a Y for yes, you will see the prompt "**TRANSFER DATE**". Type in the earliest date you want selected. You will then be prompted for the "**ENDING DATE**". Type in the latest date you want selected.

(5) ALL

(6) RENT/MOV - You will then be prompted "**SELECT ONLY TRANSFERRED INVENTORY**". If you want only inventory that has been transferred to display on this report, type in a Y for yes. If you answered with a Y for yes, you will see the prompt "**TRANSFER DATE**". Type in the earliest date you want selected. You will then be prompted for the "**ENDING DATE**". Type in the latest date you want selected.

REPORT ORDER A list will be displayed on the bottom of the screen. Enter the number of the option you want for the order in which the report will run.

- (1) MODEL NUMBER** alphabetically in Model number order
- (2) SERIAL NUMBER** numeric order followed by alphabetical for serial number order
- (3) DESCRIPTION** alphabetically in description order

TYPE PRINT The following list of options will be displayed on the bottom of the screen:

- (1) DETAIL**
- (2) SUMMARY ON MODEL NUMBER** - You will then see the prompt "**SHOW QTY FOR EACH LOCATION**". The default is N for no. If you want the report to show the quantity for each location, type in a Y for yes.
- (3) DETAIL AND SUMMARY**
- (4) SUMMARY ON DESC** - You will then see the prompt "**SHOW QTY FOR EACH LOCATION**". The default is N for no. If you want the report to show the quantity for each location, type in a Y for yes. This option is only valid on description report order.

TYPE REPORT The following list will be displayed on the bottom of the screen:

- (1) COST**
- (2) ACCUM RENTAL** - You will then be prompted "**WHICH REVENUE INFO**". A list will be displayed on the bottom of the screen. Your choice is

either YTD for year-to-date or TTD for term-to-date. Enter the number beside the option you want. After entering your choice, the next question is “**IGNORE CONTRACT LENGTHS**” less than this amount in months for keep rate and then at “**CONTRACT LGTH**” leave it a zero to select all (in months) or enter the number so the report shows only contract lengths equal to this number.

(3) DEMO – This option gives information concerning items out on demo.

When choosing the statistics for this report, choose inventory status D.

(4) RENTED – Only valid on Rental Inventory Type report. This option gives the date rented and the date delivered.

(5) BOOK VALUE - This can be used with **INVENTORY TYPE OPTION 2** for an accumulated depreciation report. You will then be prompted “**BASE BOOK VALUE ON THIS DATE**”. Only valid on Rental Inventory Type report.

(6) PRICING – Only valid on Rental Inventory Type report. This option gives actual price, monthly and weekly price.

(7) PRICING #2 – Only valid on Rental Inventory Type report. This gives remaining book value, idle days, and monthly and weekly price.

SELECT BY FLOOR PLAN AGENT If answered with a Y for yes, you will be prompted to enter “**FLOOR PLAN AGENT**”. You may enter the number assigned to a particular floor plan agent and the report will indicate all the inventory that is involved with a particular floor plan agent.

PRINT BAR CODE # FOR SERIAL # If answered with a Y for yes, the report will display bar code numbers instead of the serial numbers.

STARTING RECEIVED DATE/ENDING DATE Enter the earliest and latest date inventory was received that you want to see on this report.

SELECT BY LOC OR LOC GROUP If you want to select by location(s) or location group(s), type in a Y for yes and enter the number here. The report will only print information about the requested location(s) or location group(s). Enter up to ten store numbers if choosing by location or select by 10 location groups or a range of groups. If all stores are needed, press the enter key to accept the default of N for No. If you have selected to run the report for more than one location, you will see the prompt “**SORT BY LOCATION**”. This gives you the option to run all stores together or have the report separate them.

SELECT BY DESCRIPTION If answered with a Y for yes, you may enter up to three different descriptions.

SELECT BY MODEL NUMBER If answered with a Y for yes, you may enter up to three different model numbers. If you want an entire brand, enter the first letters such as FB for all furniture bedroom etc. You may also choose the first letter of a product code (first letter in the model number) for instance all appliances would be A*. If you want to list a manufacturer, for example, Ashley, enter “**ASH” and the report will report on that manufacturer.

SELECT BY STATUS If answered with a Y for yes, you may enter up to fifteen different statuses. If you want the report to print all statuses, press the enter key to accept the default of N for No. Status codes are N for new, R for returned inventory,

O for units on rent or D for demo items, S for sold, E for early buyout, P for paid out, B, L & Z for charged off, Z skipped, Y stolen and C for Credited back to Vendor.

PRINT SERIAL NUMBERS If you want the serial numbers printed on this report, type in a Y for yes. If you enter an N for no, this report can be used to take physical inventory requiring the employees to enter the exact serial number they located. This can eliminate errors and fraud. This can also prove to be valuable information for showing a manufacturer the dollars that have been spent for a faulty item, model number or brand.

PRINT SERVICE INFORMATION Answer with a Y for yes if you want the times in service and service costs to print.

PRINT TOTALS ONLY Answer with a Y for yes if you want a report that is summarized only with no detailed inventory listed.

Press the F9 key. You will then be prompted "Any More Changes". When this is answered with an N for no, the report will begin counting records and will print to the printer or file pathname you specified.

Examples of PINV Setup Screens & Resulting Reports

This report shows the rental inventory cost in model number order for the month of January for store 101. See Figure 18-2 and Figure 18-3.

Serialized Inventory Report by Location- PINVL

To go into this program, select "Report Menu" off the Store Home Menu, then select "Print Inventory Reports" off the Reports Menu, then select "Print Inventory by Location – PINVL" or from any menu press the F10 key and type in "PINVL" on the command line and press the enter key.

You will be prompted for printer or file pathname. If you want to print directly to the default printer, press the enter key. If you want this information to print to another printer, type that printer number over the default and press the enter key. See [Introduction to Reports](#) for additional information about the printer/file pathname screen. You will now be prompted for "Separate Locations". Press the enter key to accept the default of N for no and you will see the screen in Figure 18-8.

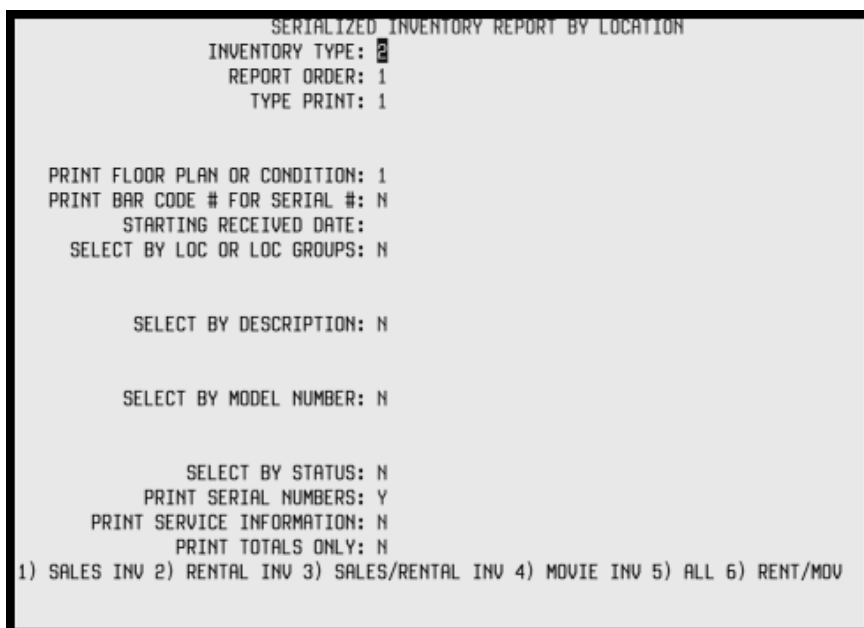

Figure 18- 8 Serialized Inventory Report by Location

INVENTORY TYPE The following list of options will be displayed on the bottom of the screen:

(1) SALES INV – Sales inventory refers to the inventory received as type S sales inventory (does not depreciate). You will then be prompted **“ONLY TRANSFERRED INVENTORY”**. If you want only inventory that has been transferred on this report, type in a Y for yes. If you answered with a Y for yes, you will see the prompt **“TRANSFER DATE”**. Type in the earliest date you want selected. You will then be prompted for the **“ENDING DATE”**. Type in the latest date you want selected.

(2) RENTAL INV - You will then be prompted **“ONLY TRANSFERRED INVENTORY”**. If you want only inventory that has been transferred from sales inventory to rental inventory to display on this report, type in a Y for yes. If you answered with a Y for yes, you will see the prompt **“TRANSFER DATE”**. Type in the beginning date you want analyzed. You will then be prompted for the **“ENDING DATE”**. Type in the last date you want selected. **This must be answered with a Y with for an accumulated depreciation or book value report. You must also use Option 4 (Book Value) under “TYPE REPORT”.**

(3) SALES/RENTAL INV

(4) MOVIE INV - You will then be prompted **“ONLY TRANSFERRED INVENTORY”**. If you want only movie inventory that has been transferred to display on this report, type in a Y for yes. If you answered with a Y for yes, you will see the prompt **“TRANSFER DATE”**. Type in the earliest date you want selected. You will then be prompted for the **“ENDING DATE”**. Type in the latest date you want selected.

(5) ALL

(6) RENT/MOV - You will then be prompted **“SELECT ONLY TRANSFERRED INVENTORY”**. If you want only inventory that has been transferred to display on this report, type in a Y for yes. If you answered with a Y for yes, you will see the prompt **“TRANSFER DATE”**. Type in the earliest

date you want selected. You will then be prompted for the "**ENDING DATE**". Type in the latest date you want selected.

REPORT ORDER A list will be displayed on the bottom of the screen. Enter the number of the option you want for the order in which the report will run.

- (1) **MODEL NUMBER** alphabetically in Model number order
- (2) **SERIAL NUMBER** numeric order followed by alphabetical for serial number order
- (3) **DESCRIPTION** alphabetically in description order

TYPE PRINT The following list of options will be displayed on the bottom of the screen:

- (1) **DETAIL**
- (2) **SUMMARY ON MODEL NUMBER** - You will then see the prompt "**SHOW QTY FOR EACH LOCATION**". The default is N for no. If you want the report to show the quantity for each location, type in a Y for yes.
- (3) **DETAIL AND SUMMARY**
- (4) **SUMMARY ON DESC** - You will then see the prompt "**SHOW QTY FOR EACH LOCATION**". The default is N for no. If you want the report to show the quantity for each location, type in a Y for yes. This option is only valid on description report order.

TYPE REPORT The following list will be displayed on the bottom of the screen:

- (1) **COST**
- (2) **ACCUM RENTAL** - You will then be prompted "**WHICH REVENUE INFO**". A list will be displayed on the bottom of the screen. Your choice is either YTD for year-to-date or TTD for term-to-date. Enter the number beside the option you want. After entering your choice, the next question is "**IGNORE CONTRACT LENGTHS**" less than this amount in months for keep rate and then at "**CONTRACT LGTH**" leave it a zero to select all (in months) or enter the number so the report shows only contract lengths equal to this number.
- (3) **DEMO** - This option gives information concerning items out on demo. When choosing the statistics - for this report, choose inventory status D.
- (4) **RENTED** - Only valid on Rental Inventory Type report. This option gives the date rented and the date delivered.
- (5) **BOOK VALUE** - This can be used with **INVENTORY TYPE OPTION 2** for an accumulated depreciation report. You will then be prompted "**BASE BOOK VALUE ON THIS DATE**". Only valid on Rental Inventory Type report.
- (6) **PRICING** - Only valid on Rental Inventory Type report. This option gives actual price, monthly and weekly price.
- (7) **PRICING #2** - Only valid on Rental Inventory Type report. This gives remaining book value, idle days, and monthly and weekly price.

PRINT FLOOR PLAN OR CONDITION Accept the default of 1 to print by Floor Plan agent or select 2 to print by Inventory Condition Code. The next prompt you will see is "**SELECT BY**". Depending on what you selected (floor plan agent or condition), the prompt at the bottom of this screen for this field will reflect to enter a Y for yes if you want to select by floor plan agent or if you selected "2", then you will be prompted to enter a Y to select by inventory condition code. If you do select "1" and "Y", you will be prompted to enter "**FLOOR PLAN AGENT**". You may enter the

Inventory Reports

number assigned to a particular floor plan agent and the report will indicate all the inventory that is involved with a particular floor plan agent. If you selected "2" and "Y", then enter the inventory condition code you want the report to display.

PRINT BAR CODE # FOR SERIAL # If answered with a Y for yes, the report will display bar code numbers instead of the serial numbers.

STARTING RECEIVED DATE/ENDING DATE Enter the earliest and latest date inventory was received that you want to see on this report.

SELECT BY LOC OR LOC GROUP If you want to select by location(s) or location group(s), type in a Y for yes and enter the number here. The report will only print information about the requested location(s) or location group(s). Enter up to ten store numbers if choosing by location or select by 10 location groups or a range of groups. If all stores are needed, press the enter key to accept the default of N for No. If you have selected to run the report for more than one location, you will see the prompt "**SORT BY LOCATION**". This gives you the option to run all stores together or have the report separate them.

SELECT BY DESCRIPTION If answered with a Y for yes, you may enter up to three different descriptions.

SELECT BY MODEL NUMBER If answered with a Y for yes, you may enter up to three different model numbers. If you want an entire brand, enter the first letters such as FU for all furniture upholstery, etc. You may also choose the first letter of a product code (first letter in the model number) for instance all appliances would be A*. If you want to list a manufacturer, for example, Ashley, enter "***ASH" and the report will report on that manufacturer.

SELECT BY STATUS If answered with a Y for yes, you may enter up to fifteen different statuses. If you want the report to print all statuses, press the enter key to accept the default of N for No. Status codes are N for new, R for returned inventory, O for units on rent or D for demo items, S for sold, E for early buyout, P for paid out, B, L & X for charged off, Z skipped, Y stolen.

PRINT SERIAL NUMBERS If you want the serial numbers printed on this report, type in a Y for yes. If you enter an N for no, this report can be used to take physical inventory requiring the employees to enter the exact serial number they located. This can eliminate errors and fraud. This can also prove to be valuable information for showing a manufacturer the dollars that have been spent for a faulty item, model number or brand.

PRINT SERVICE INFORMATION Answer with a Y for yes if you want the times in service and service costs to print.

PRINT TOTALS ONLY Answer with a Y for yes if you want a report that is summarized with only the totals printed.

Press the F9 key. You will then be prompted "Any More Changes". When this is answered with an N for no, the report will begin counting records and will print to the printer or file pathname you specified.

Physical Inventory Report (PINVL)

This report reflects a physical inventory report by description and includes subtotals and barcode numbers on the report for store 101. See Figure 18-9 and Figure 18-10.

Figure 18-12 Resulting Serialized Inventory Report by Location Example #2

Print Idle Inventory Report - PINVIDLE

The idle inventory report allows you to monitor inventory in your store to ensure you are getting items rented on a timely basis. It allows you to analyze cost, revenue, book value and how many times an item had been rented out. You can also view when these items were received, what their turn percentage is and when they were returned last.

To go into this program, select "Report Menu" off the Store Home Menu, then select "Print Inventory Reports" off the Reports Menu, then select "Print Idle/Demo/Service Invent - PINVIDLE" or from any menu press the F10 key and type in "PINVIDLE" on the command line and press the enter key.

You will be prompted for printer or file pathname. If you want to print directly to the default printer, press the enter key. If you want this information to print to another printer, type that printer number over the default and press the enter key. See [Introduction to Reports](#) for additional information about the printer/file pathname screen. You will now be prompted for "Separate Locations". Press the enter key to accept the default of N for no and you will see the screen in Figure 18-13.

```

Figure 18-13 Print Idle Inventory Report

INVENTORY TYPE The following list of options will be displayed on the bottom of the screen:

(1) SALES INV – Sales inventory refers to the inventory received as type S sales inventory (does not depreciate). You will then be prompted "**ONLY TRANSFERRED INVENTORY**". If you want only inventory that has been transferred on this report, type in a Y for yes. If you answered with a Y for yes, you will see the prompt "**TRANSFER DATE**". Type in the earliest date you want selected. You will then be prompted for the "**ENDING DATE**". Type in the latest date you want selected.

(2) RENTAL INV - You will then be prompted "**ONLY TRANSFERRED INVENTORY**". If you want only inventory that has been transferred from sales inventory to rental inventory to display on this report, type in a Y for yes. If you answered with a Y for yes, you will see the prompt "**TRANSFER DATE**". Type in the beginning date you want analyzed. You will then be prompted for the "**ENDING DATE**". Type in the last date you want selected. **This must be answered with a Y with for an accumulated depreciation or book value report. You must also use Option 4 (Book Value) under "TYPE REPORT"**.

(3) SALES/RENTAL INV

(4) MOVIE INV - You will then be prompted "**ONLY TRANSFERRED INVENTORY**". If you want only movie inventory that has been transferred to display on this report, type in a Y for yes. If you answered with a Y for yes, you will see the prompt "**TRANSFER DATE**". Type in the earliest date you want selected. You will then be prompted for the "**ENDING DATE**". Type in the latest date you want selected.

(5) ALL INV

REPORT ORDER A list will be displayed on the bottom of the screen. Enter the number of the option you want for the order in which the report will run.

- (1) MODEL NUMBER** alphabetically in Model number order
- (2) DAYS IDLE** numeric order by days idle
- (3) DESCRIPTION** alphabetically in description order
- (4) SERIAL NUMBER** numeric order followed by alphabetical for serial number order

TOTALS ONLY Enter a Y if you want the report to print totals only

STARTING RECEIVED DATE/ENDING DATE Enter the earliest and latest date inventory was received that you want to see on this report.

SELECT BY LOC OR LOC GROUP If you want to select by location(s) or location group(s), type in a Y for yes and enter the number here. The report will only print information about the requested location(s) or location group(s). Enter up to ten store numbers if choosing by location or select by 10 location groups or a range of groups. If all stores are needed, press the enter key to accept the default of N for No. If you have selected to run the report for more than one location, you will see the prompt "**SORT BY LOCATION**". This gives you the option to run all stores together or have the report separate them.

SELECT BY DESCRIPTION If answered with a Y for yes, you may enter up to three different descriptions.

SELECT BY MODEL NUMBER If answered with a Y for yes, you may enter up to three different model numbers. If you want an entire brand, enter the first letters such as FB for all furniture bedroom etc. You may also choose the first letter of a product code (first letter in the model number) for instance all appliances would be A*. If you want to list a manufacturer, for example, Ashley, enter "***ASH" and the report will report on that manufacturer.

SELECT BY STATUS If answered with a Y for yes, you may enter up to fifteen different statuses. If you want the report to print all statuses, press the enter key to accept the default of N for No. Status codes are N for new, R for returned inventory, O for units on rent or D for demo items, S for sold, E for early buyout, P for paid out, B, L & Z for charged off, Z skipped, Y stolen and C for Credited back to Vendor.

BASE BOOK VALUE ON THIS DATE: Enter the date you want book value to based off of or press enter to accept today's date.

IDLE NUMBER OF DAYS Enter the number of days you want to see on the report for idle inventory or accept the default of 100 by pressing enter. The report will display only inventory idle this number of days or more.

REPORT OPTION Enter the report type you want to see. "I" will show idle inventory at the current location in days idle order.

R= REGULAR REPORT

S= SERVICE

D= DEMO

I= IDLE AT CURRENT LOCATION

W= WAREHOUSE LOCATION

SELECT ON ACCT NBR Enter a Y here if you want to run a report for one customer account number. You will be prompted to enter the account "#" you want to print the account for.

Press the F9 key. You will then be prompted "Any More Changes". When this is answered with an N for no, the report will begin counting records and will print to the printer or file pathname you specified.

Idle Inventory More than 100 Days Report (PINVIDLE)

This report reflects the idle inventory that is sitting in a store for more than a 100 days.. See Figure 18-14 and Figure 18-15.
